

AUSTRALIAN BROCCOLI

Southnet Trade Australia is located in the Riverina region of NSW – the heart of Australia’s largest vegetable growing region. We export broccoli from Queensland and Victoria year round.

Heads are with stems of about 6cm. 30-32 heads per styrofoam box to 8kg net product. 4kg ice is added.

480 boxes fit in 20’ refrigerated seafreight container and 900 in 40’ refrigerated seafreight container from Melbourne port. We also frequently airfreight broccoli from both Sydney and Melbourne airports.

Volumes available at any time can be impacted by extreme climatic conditions.
