

PELLETED RICE BASED STOCKFEEDS AND ANIMAL PRODUCTS

Pet Products

Cat and Pet Litter (environmentally friendly – rice based) Effective odour removal, superior absorbency, lasts longer, completely organic, biodegradable, improves soils by adding mulch and useful soil nutrients and trace elements.	<i>bulk, bags or retail cartons</i>
--	-------------------------------------

Family Dog Food (rice based – available in specified Protein levels and extruded to size and shape requirement)	<i>bulk, bags or retail cartons</i>
--	-------------------------------------

Analysis: 20% protein, 20% fat, 4% fibre, 1% salt. Also calcium, vitamins and minerals.

A complete ready to eat, highly palatable dry dog food. Carefully balanced and scientifically formulated to supply all the nutrients dogs need. Rice is a high energy food that is easily digestible. It is gluten free, reducing the risk of allergies and contains a better amino acid balance for muscle development and maintenance. The unique polyunsaturated oils in rice produce healthy skin and a glowing coat.

Ingredients: Rice and rice milling products, wheat and wheat milling products, meat by-products derived from beef and mutton, fish by-products, vegetable proteins, salt, vitamins, minerals and trace elements. No preservatives, artificial colours or flavours are added.

Rabbit Food (rice based - balanced diet as dry pellet)	<i>bulk, bags or retail cartons</i>
---	-------------------------------------

High Energy Horse Pellets

Horse Ration G (for broodmares, stallions, weanlings and yearlings). Boosted with additional protein and fortified with essential vitamins and minerals to help growing horses or for breeding stock where requirements for nutrients are increased	<i>bulk or 40 kg bags</i>
--	---------------------------

Minimum crude protein	15.0%
Minimum crude fat	4.0%
Maximum crude fibre	6.0%
Salt	1.0%
Minimum Vitamin A	20,000iu/kg
Minimum Vitamin D3	2,000iu/kg
Minimum calcium	0.8%
Minimum phosphorus	0.5%

Horse Ration M (for high performance horses).

bulk or 40 kg bags

The rice base and higher oil content gives rapid digestion with “cool” or manageable energy. The 12% protein level allows good muscle tissue repair. Rice provides readily available energy to support top performance.

Minimum crude protein	12.0%
Minimum crude fat	4.0%
Maximum crude fibre	6.0%
Salt	1.0%
Minimum Vitamin A	20,000iu/kg
Minimum Vitamin D3	2,000iu/kg
Minimum calcium	0.8%
Minimum phosphorus	0.5%

Both horse rations are made from natural ingredients including rice, rice pollard, lupins, sunflower meal, vitamins, minerals and trace elements.

Some Other Rice Based Pelleted Stockfeeds

Calf Starter Pellets 20%	<i>bulk or 40 kg bags</i>
Calf Pellets 18%	<i>bulk or 40 kg bags</i>
Stock & Dairy 12%NU	<i>bulk or 40 kg bags</i>
Ewe & Lamb 14%NU	<i>bulk or 40 kg bags</i>
Feedlot Concentrate + Rumensin & Eskalin	<i>bulk or 40 kg bags</i>
Poultry Starter Crumbles 20%	<i>bulk or 40 kg bags</i>
Poultry Grower Pellets 16%	<i>bulk or 40 kg bags</i>
Chicken Pellets	<i>bulk or 40 kg bags</i>

Pig Grower 17% Pellets

bulk or 40 kg bags

Pig Weaner 20% Pellets

bulk or 40 kg bags

Rice Pollard Pellets

bulk or 40 kg bags

Natural Brown Rice Horse Flakes

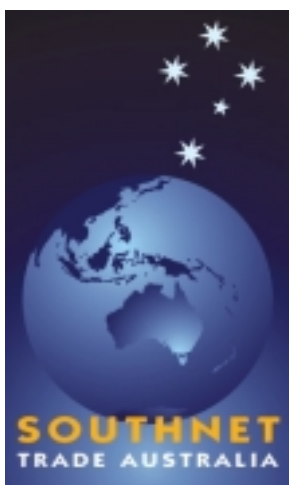

bulk or 40 kg bags

Natural Brown Rice Extruded Mini Pellets for Pets

bulk or 40 kg bags

Animal and stockfeed manufacturing technology is amongst the most advanced in the World. Computer controlled blending of rice and rice by-products with other natural ingredients produces the highest quality formulated animal feeds and products.

Beyond the products listed, formulated rations are available for all animals. Pelleted Products can be made to order for special formulations and pellet shape or size.
